Dear Danielle,

Thank You for sponsoring Muller to attend School this year in 2021. This year, Muller is in grade two at Stan Hope Primary School.

Education is more than reading, writing, and arithmetic. It is one of the most important investments a person can make in a child and their future, and is critical to reducing poverty and inequality.

If all students in low-income countries left school with basic reading skills, 171 million people could be lifted out of poverty. By empowering Muller through education, you give him the opportunity to support himself and his future family.

This child is doing well in School.

The Covid situation is getting under control and all schools have opened.

African Impact Foundation and the family to Muller would like to say, "Thank you so much."
